

# CLEAN UP!

Part of the Big Lake Associations accomplishments has been to clean up the litter around the lake. This is usually done in the fall and spring.

(in 1998) — We took a survey of the different things collected, here are the results. The most popular beer discarded- Budweiser. The most popular pop discarded- Mountain Dew. The most popular cigarette discarded- Marlboro. Most popular fast food containers discarded- Mc Donald's. The most unusual, interesting or just plain disgusting thing discarded- a bag of dead chickens, a radar detector, a deer hide, a dead turkey, a box of lead pipes, a boat license, a scarecrow and a double bed mattress.

Big Lake Spring Clean up 1994
